A LITTLE HISTORY...

Established in 1987, Eye-Co Opticians has moved from one small outlet on Accra Road in Nairobi's CBD to having two outlets in Nairobi, all located within prestigious shopping malls of Nairobi.

Eye-Co Opticians prides itself in providing professional eye care services to all. All our optometrists are qualified in the United Kingdom and Kenya.

All our retail outlets are

ultra-modern, sophisticated and well equipped. Eye-Co Opticians offers an extensive range of eye-care services from personalized comprehensive eye exams, optical frames, sunglasses to contact lens services.

With its own in-house finishing lab, Eye-Co Opticians provides fast and efficient services to all its branches. Our retail outlets are stockists of major designer eye wear brands for optical frames, sun glasses, optical lenses & contact lenses.

SARIT CENTRE OUTLET

Located within the new wing of the Sarit Centre Mall opp. the Carrefour Super Market entrance. The store was opened on the 1st of June 2019. Its a complete modern designed interior with a well-stocked top-of-the-line brands that suit all tastes and styles, whether it is classic, modern or funky.

TRM OUTLET

Located along the Thika Super Highway; we are Situated on the First Floor next to LC Waikiki and Telkom.

The branch opened its doors in August of 2013. This branch has 2000 patients on record to date, with over 1000 optical frames on display.

OUR PRODUCTS & ACCESSORIES

FRAMES

Our spectacle frames are of the highest quality and are purchased from Europe, America, China, Middle East and South Africa. We stock both branded and unbranded frames which are of the latest fashion trends

OPTICAL LENSES

We provide high quality optical lenses to all our clients. We are able to give, depending on the requirement, single vision, bifocal or progressive lenses in Cr39, High Index, Polycarbonate, Trivex and mineral lens material. The Lenses can be supplied with Superior Anti Reflective, hydrophobic and scratch resistant coatings and can be with or without Transitions, that is the ability to darken in sunlight.

We also supply specialized RX lenses, on order basis. Our suppliers are : Optiswiss, a leading lens manufacturer in Switzerland; Novax, a modern RX manufacturing factory based in Istanbul, Turkey and from Essilor, the largest optical supply company in the world.

CONTACT LENSES

Our customers health come first. Our Optometrist take the utmost care when carrying out the contact lens fit and ensure the correct lenses and proper training is given to guarantee long term contact lens use.

It is important to us that we provide contact lenses that are manufactured to the highest standards using the latest technology.

Depending on the clients requirement we are able to supply daily, bi-weekly, monthly or yearly replacement lenses

ACCESSORIES

We also offer fun accessories for the individual eyeglass wearer and tools to help you enjoy life with your glasses or contact lenses our wide selection of accessories has something for almost everyone. We have a wide variety of products, including sunglass clip-ons, eye glass cases, reading glasses and contact lens case options. We have a large variety of retainers such as the colourful cords, chains and sports bands. We also repair services for all types of frames and sunglasses from a simple screw replacement to soldering broken frame joints.

SUNGLASSES

We carry a large variety of high quality sunglasses from various designer brands.

Sunglasses are a fashion statement and also integral to the health of your eyes. UV light from the sun can have a damaging effect upon our eyes, as it does upon our skin. All our sunglasses have high quality UV protection incorporated into the lenses.

We are also able to supply prescription sunglasses with single vision, bi-focal, and varifocal lenses. You can also choose from tinted, graduated, mirrored or polarized lenses.

MEDICATION & SOLUTIONS

As Optometrists, we are the first point of contact for anyone having an eye problem.

We provide a holistic approach to eye care and all who walk through our doors, can be assured that they will receive a thorough eye checkup. Most common conditions are identified and we are able to treat them. This is why we stock a wide variety of ophthalmic medications to treat dry eye, allergic conjunctivitis, vitamin supplements to name a few.

The products we stock are mostly preservative free and come in hand packaging. We also supply a variety of contact lens solutions for contact lens wearers.
