

I have spent 25 years in the medical field and have experienced a variety of learning and working environments. Having worked for our government and having had experience working with international and local NGO's and charities. I believe I have acquired a wealth of knowledge that I can use to benefit those whose care I undertake.

OUR SERVICES

COMPREHENSIVE EYE EXAMS

We provide complete assessment of vision and identification and treatment of all eye conditions. We also provide pocket friendly package services for assessment of glaucoma, hypertensive and diabetic retinopathy.

VISION THERAPY

Adults and children with visual problems such as lazy eye, crossed eyes, nystagmus to name a few are assessed and treated through non-surgical methods to help with visual processing and improve school / work performance.

PEDIATRIC EYE CARE

We work with children to identify issues surrounding clearness of vision, near sightedness, far sightedness, astigmatism and visual skills to promote success in school, sports and life.

DIAGNOSTIC TESTING & IMAGING

We offer ocular ultra sound services, tonometry, gonioscopy, visual field analysis, therapeutic laser for after-cataract and glaucoma, along with all other basic eye tests.

TREATMENT OF EYE CONDITIONS.

Treatment is instituted after a complete history and clinical examination; and after comprehensive tests are done to establish clear baselines and follow-up for improvement. Specialty care for retina and pediatric ophthalmological are also available. Baseline blood sugar, blood pressure and eye pressure measurements are done for all patients at risk.

MINOR OPHTHALMIC SURGICAL PROCEDURES

These include all eyelid, conjunctival and superficial corneal procedures under strict aseptic conditions with all infection prevention protocols followed.

COMPLETE OPTICAL SERVICES

With Eye-co Optometrists, our complete optical services include refraction by qualified optometrists, contact lens fitting and care, vision therapy and myopia control. You will get quality frames and lenses with guaranteed satisfaction.
